Dear Christmas,

As I reflect on you my heart is filled with gratitude for the many memories and feelings you bring both magical and real. From the twinkling lights on the Christmas tree to the warm glow of the star atop it you've always been a time of wonder. I remember the magical tales I heard as a child to now Santa's sleigh flying across the sky, the reindeer galloping through the snow and the North Pole where miracles seemed possible. Those myths filled me with joy and a sense of magic that never quite fades.

But beyond the stories of Santa I also cherish the deeper truth that you bring the story of the birth of Jesus, a story of hope, love and salvation. The humble manger, the guiding star and the peaceful moment of Christ's birth remind me of the true meaning of

Christmas as the light of faith, love and peace in our world.

Thank you Christmas for blending the magic of childhood with the profound reality of what you represent. You offer me both dreams and deeper understanding, a time of joy, gratitude and reflection. You remind me that Christmas is about more than gifts and celebrations It is about embracing the love and faith that connects us all.

***“Christmas blends the magic of childhood dreams with the profound truth of love, faith, and hope that fills our hearts.”***

With endless gratitude and love,  
Shalo..

**Merry Christmas**
